SUMMARY

Full-Stack Junior Web Developer, bringing skills from previous experience in design, problem solving, and efficient communication into web development. Authored the official employee manual for a chain of three stores, won an Above and Beyond award, and won employee of the month on several occasions. Graduate of Georgia Tech's Full Stack Flex Web Development certification program with an A average. Lifelong learner with a passion for creating new tools that work well and look good. Known for a willingness to go beyond expectations and doing whatever it takes to successfully complete any task.
